

The Plant Lovers

Cacti and Succulent
Specialists, since 1947

From cacti and succulents to sempervivums...

We specialise in a broad range of plants to suit all pockets. We have an extensive stock of books also available. Our greatest asset is experience, after so many years specialising in cacti and succulents, we can provide a wealth of advice to growers of these fascinating plants.

Although we do not focus on the rare and expensive forms of cacti, we do have varieties it would be difficult to source anywhere else because we have been running the business for so many years.

A lifetime of experience

We have exhibited widely across the UK during our horticultural career, gathering many awards for our displays, including RHS Gold medals at Chelsea and Hampton Court. These days we focus on smaller shows so we can still continue to reach as many of our customers as possible during the show season.

The business was established in 1947 at the Old Rectory in Candlesby, by Mr R H Slater.

By 1969 the nursery had moved to Candlesby House as the partnership with his son-in-law enabled the business to expand.

Formerly wholesale and retail, we now focus on retail and we welcome visitors to our nursery in Lincolnshire, where they can see the huge range of plants we offer, and take advantage of our expertise away from the bustle of a flower show.

Please ring in advance to ensure we will be open when you want to visit.
